CONFIRMATION LETTER

Dear Sir/Madam,

Thank you for naming a star with **Star Registration!**

We want to congratulate you on a successful star registration! This letter confirms that a star with an astronomically verified position and a dedicated name is filed in the international database of **Star-Register.eu**.

The registration in Star-Register.eu is eternal and unique. This registration has no time limit and can only be terminated upon your request to remove the registration from the database.

Along with this letter, you will find a star registration certificate containing information about the registered star. Each certificate contains the star's astronomical and registration data. Use your registration number to find your database entry and locate your star online at **Star-Register.eu** or using our **mobile application**.

If you have further questions or require assistance with the order or registration, please do not hesitate to contact us using the details below.

We genuinely hope your star naming experience will bring joy and happiness to your life!

Yours Truly,

Brian Hurley
